1. Introduction

These brand guidelines establish the foundation for the Silla Vida brand identity. They provide clear direction on how to consistently apply our visual and verbal elements across all touchpoints to build a cohesive and recognizable brand experience.

Silla Vida is positioned as a leading provider of ergonomic office chairs that combine technical excellence with modern aesthetics at accessible price points. Our brand emphasizes both functional benefits (ergonomics, durability) and emotional benefits (comfort, productivity, workspace enhancement).

2. Brand Foundation

Brand Essence

"Ergonomic Excellence for Modern Productivity"

Brand Values

- **Ergonomic Excellence:** Designed to support healthy posture and reduce strain
- **Modern Aesthetic:** Sleek, high-tech features paired with clean, simple styles
- **Productivity Enhancement:** Comfort is the foundation of productivity
- **Quality & Innovation:** Pioneering in ergonomic technology
- **Global Credibility:** Trusted worldwide
- **Sustainability:** Sustainable development with eco-friendly choices
- **Value & Durability:** Save money with durable materials built to last

Brand Positioning

Silla Vida positions itself as a **global leader in ergonomic office furniture** that combines technical excellence with modern aesthetics at accessible price points.

Target Audience

- Home office professionals
 - Corporate procurement managers
 - Design-conscious consumers
 - Health-conscious workers
 - Small to medium business owners
-

3. Visual Identity System

Logo

The logo for SILLA VIDA is displayed in a bold, green, sans-serif font. The text "SILLA VIDA" is followed by a small red square, which serves as a period or a design element. The logo is centered within a light gray rectangular background.

The Silla Vida logo consists of the wordmark "SILLA VIDA" in a clean sans-serif typeface with a small red square accent. The logo represents our brand's commitment to modern design, ergonomic excellence, and productivity enhancement.

Logo Variations

- **Full Color:** Green wordmark with red square (primary version)
- **Reversed:** White wordmark with red square (for dark backgrounds)
- **Monochrome:** All black or all white (for limited color applications)

Clear Space

Maintain a minimum clear space equal to the height of the "S" in all directions around the logo.

Minimum Size

- Print: 20mm width
- Digital: 100px width

Incorrect Usage

- Do not stretch or distort the logo
- Do not change the logo colors
- Do not rearrange logo elements
- Do not add effects such as shadows or outlines
- Do not place the logo on busy backgrounds without sufficient contrast

- Product image

- Technical specifications
 - Brand messaging
-

5. Brand Voice & Messaging

Tone of Voice

- **Professional but Approachable:** Technical information presented in accessible language
- **Confident but Not Boastful:** Facts and statistics used instead of subjective claims
- **Solution-Oriented:** Focus on how products solve specific problems
- **Direct and Clear:** Straightforward communication without unnecessary jargon

Key Messages

- **Primary Message:** "World's Leading Ergonomic Chair Brand"
- **Supporting Messages:**
 - "Perfect Support in Any Workplace"
 - "Designed to support healthy posture and reduce strain"
 - "Sleek, high-tech features paired with clean, simple styles"
 - "Comfort is the foundation of productivity"

Tagline

"Sit Well, Think Better"

Customer Benefits Messaging

1. **Physical Wellbeing:** Ergonomic support for pain reduction
 2. **Aesthetic Enhancement:** Modern design that improves workspace
 3. **Financial Value:** Durability and quality as cost-effective
 4. **Environmental Responsibility:** Eco-friendly materials and processes
-

6. Implementation Guidelines

Digital Applications

- Maintain consistent header and footer elements across all pages
- Use the specified color palette for all UI elements

- Follow typography hierarchy for all text elements
- Ensure responsive design for all screen sizes
- Maintain generous white space for readability

Print Applications

- Use high-resolution logo files (minimum 300 dpi)
- Maintain color accuracy with Pantone matching when possible
- Follow typography guidelines for all text elements
- Ensure adequate margins and bleed for all printed materials

Quality Control Checklist

- Logo usage follows guidelines
- Color palette is applied correctly
- Typography follows hierarchy and specifications
- Photography style is consistent
- Messaging aligns with brand voice
- Layout follows grid system and spacing guidelines
